## VR Welcomes New EViD Customer Peoria County, IL

*VR's EViD Electronic Pollbook Streamlines Voter Check-in and Simplifies Election Administration*

TALLAHASSEE, Fla. – March 6, 2019 – One of the nation's premier elections technology companies, VR Systems, announced it has signed on Peoria County, Illinois as its latest EViD customer. Peoria has purchased 175 EViD electronic pollbooks to enhance the voting experience for Peoria citizens.

Under the new agreement, VR will assist Peoria County in implementing EViD software to optimize the processes of voter look-up, printing ballot tickets and updating addresses. EViD is a complete voter check-in system designed for optimum performance and usability and comes equipped with everything needed to set up polling station check-in.

“Our innovative EViD product streamlines voter check-in and processing with the most advanced and secure technology available,” said Mindy Perkins, CEO of VR Systems. “As one of the first electronic pollbooks ever developed, EViD boasts 15 years of refinements and improvements based on feedback from users. VR is honored to support our latest customer Peoria for a successful election, every time.”

The EViD system provides numerous benefits:

- Intuitive and easy for pollworkers to use
- Flexibility for a variety of platforms
- Capable of same day registration
- Significantly cuts down on the time needed to open a polling location and close at the end of the voting day
- Includes WebMonitor for immediate notification and status updates for every EViD and polling location
- Comprehensive built-in security

The EViD system was utilized successfully for Peoria's most recent election on February 26, 2019.

## About VR Systems

Founded in 1992, VR Systems provides elections management services focused on the integrity of the registration and reporting processes. Following elections overhaul legislation in Florida in the early 2000's, VR Systems began expanding its offerings across the state of Florida, and today VR Systems serves elections clients in eight states. The company, headquartered in Tallahassee, Florida, is 100-percent employee owned (ESOP). For more information, please visit [www.vrsystems.com](http://www.vrsystems.com).
