

# EViD<sup>®</sup> ★ Edge

The EViD Edge is a complete electronic pollbook solution.

Custom-designed and built specifically for elections, the EViD Edge comes with VR's 10 year support

package option, so elections

directors can minimize tablet

replacement costs over the long

run. The Edge offers a ruggedized design that includes a tablet, mobile

printer and case. Its exceptional

usability, durability and value deliver a

**successful election, every time.**

## Features:

- *Five USB 3.0 ports*
- *MicroSD card reader*
- *Laser barcode scanner*
- *WiFi/Ethernet/Bluetooth*
- *Three point ergonomic positioning to facilitate voter signature*
- *Reinforced tablet cradle/dock integrated in stand*
- *Full interoperability with VR'S DirectPrint ballot printing solution for direct device to printer ballot printing*
- *Rugged casing solution optimized for storage, transport, and operation inside the case if desired*
